

Father's Day- June 21

Be sure to have children take a moment to thank their father for the qualities they admire in him or have them make a card that shows appreciation for all their dad does for them and the family.

Son/Daughter: Gracious God bless our father this day with all good things: health, joy, love, and laughter. Keep him in your care and protect him from all that is harmful. This Father's day and always may we give thanks for his love and care and for all he has done for us. Amen
Offer your father a blessing by signing him with the sign of the cross.
