

Governor Cuomo/New York State Senator/New York State Assembly Member:

As your constituent, I strongly oppose the legislation introduced this session to legalize physician-assisted suicide in New York State (A.2383/S.3151). Allowing doctors to prescribe a lethal dose for patients to end their lives devalues human life. There is also significant potential for abuse. I urge you to focus instead on improving palliative care, to ensure compassionate, comprehensive care and pain management for those who are terminally ill. We need to accompany rather than abandon them.
