

Dear Elected Official,

In order to be truly “New York Strong” we must first take care of those most vulnerable in our state. One way to do this is to create a budget that uses equity and justice as its guiding principles. Two issues we are advocating for in the 2022 NYS Budget are:

- Closing the NYS Child Tax Credit loophole so that it will cover children ages 0-4, in order to help low-income families be better able to provide for the needs of these little ones
- Including a 5.4% COLA and a \$500 million investment in workforce, service, and support in the NYS Budget for behavioral health service providers who care for people with addictions and mental illness.
